NEW STUNT LOOP & VERTICAL RAMP LAYOUTS

The new Micro Scalextric has burst onto the scene at full speed! Sci-Fi Speedway featuring GHOST and SPARK, two futuristic fantasy style cars which have stronger magnets to help them stay on the track, but are designed to take a bashing if they fly off!

With an easy to assemble loop and half pipe, this new 1:64 Sci-Fi Speedway set is the ideal gift for the younger racer, offering all the thrills and spills of the full-sized slot car racing in one of nine compact layouts, each boasting over 4 metres of track to ignite the imagination and expand play.

This set is guaranteed fun for the whole family!

ARC SETS

Race, Share, Customise!

App Race Control (ARC) revolutionises slot car racing, allowing you to race in multiple modes, share your results with family and friends on social media and customise your races with pit stops, fuel management and much more!

SUITABLE FOR AGE 5+

1:32 SCALE

NEW SETS FOR 2018

ARC

App Race Control (ARC)

MAKE IT PERSONAL

Scalextric ARC Sets allow you to customise your race for a truly personal experience.

Scalextric ARC (App Race Control) is a revolutionary slot car system that allows users to wirelessly create and manage races with a handheld smart device, such as a smartphone or tablet. Download the ARC app, then connect your smart device via Bluetooth to the new ARC Powerbase, unlocking unique features and control of your Scalextric races.

Personalise your race by selecting features such as race type, driver names and number of laps. Customise and save your race settings and car setup, before you head out on the track...

You can choose from one of our ARC sets, or alternatively connect an ARC Powerbase to any standard Scalextric set to unlock a whole new level of slot racing fun.

GETTING STARTED

It's so simple to get started - download the ARC app, connect your powerbase to your Smart Device, select from various race scenarios and you're ready to race.

STEP 1

DOWNLOAD
THE ARC APP

STEP 2

CONNECT
VIA BLUETOOTH

STEP 3

CUSTOMISE
YOUR RACE

STEP 4

RACE
TO WIN

CHOOSE FROM 8 RACE MODES

1. Quick Race

This mode allows you to create a number of custom events of any type which can be accessed quickly in the future.

2. Practice

This is a non competitive mode in which drivers try to achieve the best lap time over a number of set laps.

3. Grand Prix

Competitive mode in which drivers race over a set number of laps.

4. Endurance

Competitive race mode in which drivers race for set amount of time.

5. Tournament Competitive mode in which drivers race head to head over a set number of laps or for a set amount of time.

6. Drag Race

Competitive race mode in which drivers race on a long straight. The pit exit on the powerbase represents the finish line and the drag strip can be as long as you want.

7. Arcade

8. Pace Car

*Wireless rumble controller compatible with ARC AIR and ARC PRO only.

THE ARC SYSTEM IS CURRENTLY AVAILABLE IN A CHOICE OF THREE VERSIONS...

WHAT'S NEW FOR 2018

Welcome to the Scalextric car collection on sale during 2018

We hope you like the new cars that have been meticulously researched, designed and developed by the Scalextric team, for your collecting and / or playing pleasure.

A new, exciting item within the collection is the triple pack that commemorates the 50 years since Gulf won at Le Mans. A collection of absolutely legendary racing cars, beautifully presented in their own display case.

We hope you enjoy!

For more information see
Page 56 for VW Beetle and Camper Van Rusty Rides

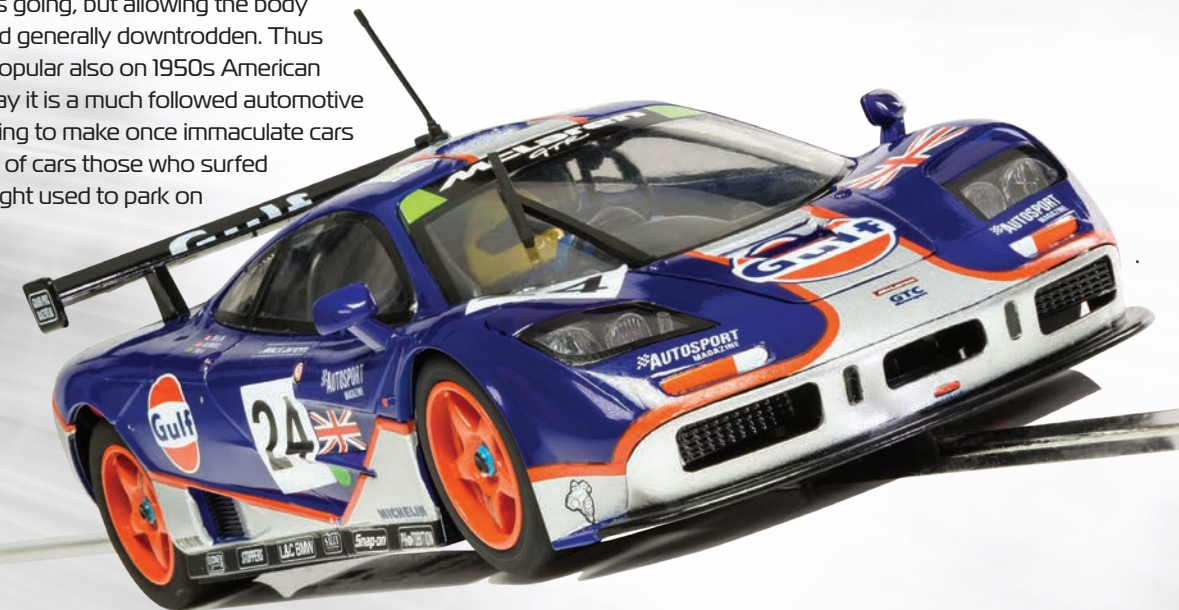

VW BEETLE AND CAMPER VAN RUSTY RIDES (C3966A)

Despite today being highly desirable collectors cars, the Volkswagen Beetle and T1b Camper Van did however go through an era of being both out of fashion and affordable to those on the fringes of modern society. The surf culture of the 1970s/80s saw many flock to the plentiful, cheap and easy to maintain air cooled Volkswagens. As the cars became more popular some sought to keep the cars going, but allowing the body to look faded, rusty, and generally downtrodden. Thus 'Rat Look' was born. Popular also on 1950s American trucks and pickups today it is a much followed automotive scene, with many seeking to make once immaculate cars into replicas of the sort of cars those who surfed all day and partied all night used to park on Californian beaches.

For more information see
page 61 for McLaren F1 GTR 1995 (C3969)

McLAREN F1 GTR 1995 - GULF EDITION (C3969)

1995 saw the McLaren F1 GTR make its debut at La Sarthe. While one example would go on to win, this car finished just off the podium in 4th position. Driven by F1 star Mark Blundell, experienced amateur driver Ray Bellm and Brazilian Maurizio Sandro Sala the car battled through some very wet conditions and its 4th place, 3rd in class, was a great result.

LAMBORGHINI CENTENARIO CARBON (C3961)

Just 20 of these fabulous hyper cars have been produced, made by Lamborghini to commemorate 100 years since the birthday of the company's founder. The Centenario is able to accelerate to 100km/h in 2.8 seconds and go on to a top speed of more than 350km/h. Finished in a fantastic shade of grey carbon with yellow trim, this car will really stand out on track!

For more information see
Page 96 for Lamborghini Centenario Carbon (C3961)

CHEVROLET MONTE CARLO 1986 GREEN & WHITE (C3947) & CHEVROLET MONTE CARLO 1986 RED & WHITE (C3949)

The 1986 Chevrolet Monte Carlo was an icon of the muscle car scene of the 1980s. Used extensively in racing, from top stock car classes right down to local series the car was the mount of many internationally famous drivers as well as hundreds of local heroes.

For more information see
Pages 84 & 85 For Chevrolet Monte Carlo 1986 Green & White & Chevrolet Monte Carlo 1986 Red & White

FORD ESCORT MKI 50TH ANNIVERSARY (C3934)

2018 marks 50 years of one of Fords greatest successes. The Escort. First shown at the January motor show it quickly became a best seller. While the standard models were ok to drive, the quick ones such as the Mexico and RS models became heroes both on track and on rally stages. This diamond white example is the perfect way to remember the success of one of Dagenham's most brilliant designs.

The Mexico and RS models became heroes both on track and on rally stages. This diamond white example is the perfect way to remember the success of one of Dagenham's most brilliant designs.

For more information see
Page 100 for Ford Escort MKI Anniversary

BLUE WINGS F1 CAR (C3960) & RED STALLION F1 CAR (C3958)

When the going gets tough, our great value Scalextric Super Resistant series is more than up to the challenge. The new shape for our Grand Prix cars are ideal fun for junior racers and will be sure to keep them coming back for more racing action. To see who wins grab the new Blue Wings F1 car by the horns or will it be a one horse race with the new Red Stallion F1 car.

ULTIMATE TRACK EXTENSION PACK

C8514

2 x 350mm C8205 straights, 4 x 350mm side swipes, 1 x leap ramps, 2 x hairpin curves, Borders & barriers.

Extending your Scalextric layout has never been easier. The seven Scalextric Track Extension Packs are totally flexible in their design. Any of these packs can be added to Standard or Digital Scalextric circuits.

Each pack can be incorporated into a Scalextric circuit, from simple ovals and figure-of-eight tracks to the largest layouts. One or more Track Extension Packs can be added to the same circuit. You could use all the Track Extension Packs to make a hugely impressive circuit incorporating all the featured track pieces. The reverse side of the packaging explains how the Track Extension Pack can be incorporated into any number of layouts.

Scalextric Helpline

Email: customerservices.uk@hornby.com
Telephone: +44 (0)1843 233525
Spare parts: Spare parts for current products may be available from Scalextric Service Dealers.

Electrical

Scalextric vehicles are fitted with electric motors operating from between 3-15 volts direct current. Mains electricity supply is reduced to this safe voltage by the appropriate Scalextric transformer and speed control is achieved by hand throttles wired to the track powerbase. Vehicles have pick-ups beneath the chassis which collect the electrical power from the track. Some control equipment is not suitable for use by children under 14 years except under adult supervision. Please check individual product packs for further information.

New releases

This catalogue shows items planned for introduction in 2017. Delivery periods may be subject to variation without notice. The illustrations of such items may not conform exactly to production versions. Where a photographic image of a real car is used, the body shape and /or livery of the production SCALEXTRIC model may differ to the car pictured.

Distribution

SCALEXTRIC products shown in this catalogue are available only through authorised retailers. The range shown will be varied in future years. Enthusiasts and collectors are invited to obtain their requirements whilst the item is in current production as additional production runs are not guaranteed. If you need assistance in obtaining any SCALEXTRIC product, please contact the SCALEXTRIC Helpline.

Dimensions

Sizes quoted in the catalogue are approximate. Hornby Hobbies Ltd reserves the right to alter designs, specifications, colours, liveries and prices without notice. This catalogue supercedes all previous editions.

Trademarks

SCALEXTRIC, SCALEXTRIC DIGITAL, SCALEXTRIC START, SCALEXTRIC SPORT, SCALEXTRIC SPORT DIGITAL, SCALEXTRIC SPORTWORLD, MY FIRST SCALEXTRIC, MICRO SCALEXTRIC, SCALEX, SCALEXTRIC SUPERSCALE, SUPERSLOT are Trade Marks of Hornby Hobbies Limited.
